EDITO

The 2023 Function & Aesthetics Masterclass medical education programme is both multidisciplinary and international, taking place in France, Switzerland, Italy, and the UAE.

We've designed four intensive cycles: Face Aesthetics, Oculoplastics, Gynecology, and Regenerative Medicine. Each cycle is organized into specialized modules, covering a wide variety of topics, for a thorough and cutting-edge educational experience.

Our objective is to help you improve your daily practice through in-depth, interactive conferences, and hands-on training.

Built on an exceptional scientific programme lead by internationally renowned expert speakers, Function & Aesthetics Masterclass is the perfect opportunity to develop and refine your medical practice while networking with medical professionals around the world.

We look forward to meeting you in 2023!
